

# Building Your Institution's Blended Future

ASU Remote Summit 2022

A decorative graphic in the bottom-right corner, mirroring the one in the top-left. It features a network of interconnected nodes and lines, with nodes in light gray, dark gray, and blue, and some nodes highlighted with a blue outline.

# Welcome!

# Today's Agenda

A decorative network diagram in the top right corner, consisting of various sized circles (nodes) connected by thin lines (edges). Some nodes are solid grey, while others are hollow white with a grey border. The connections form a complex, interconnected web.

- ◎ What is a Blended Institution of Higher Education?
  - ◎ What are you doing to advance a blended approach at your institution? What challenges are you facing?
  - ◎ What should institutions consider as they build their blended future?
- 
- A decorative network diagram in the bottom left corner, similar to the one in the top right, featuring nodes and connecting lines.

A decorative graphic in the top-left corner consisting of a network of interconnected nodes and lines. The nodes are represented by circles of varying sizes and colors (grey, white, and blue), connected by thin grey lines. The network is dense and extends from the top-left towards the center of the page.

# **The Blended Institution of Higher Education**

A decorative graphic in the bottom-right corner, mirroring the one in the top-left. It features a network of interconnected nodes and lines, with nodes represented by circles of varying sizes and colors (grey, white, and blue), connected by thin grey lines. The network is dense and extends from the bottom-right towards the center of the page.

# What is a Blended Institution of Higher Education?

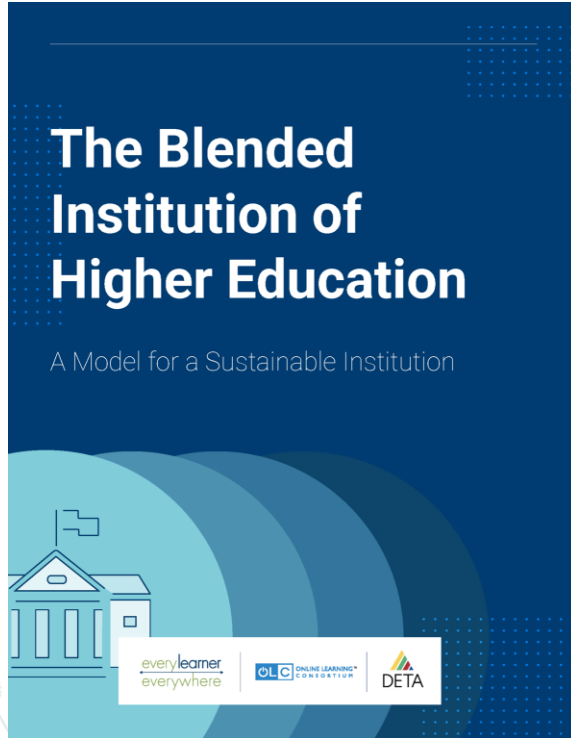

FIGURE 1  
The Complete BIHE Model

*What are you **doing to advance** a  
blended approach at your  
institution?*

*What **challenges** are you seeing at your institution as you advance a blended approach?*

A decorative network diagram in the top-left corner, consisting of various sized grey circles (nodes) connected by thin grey lines (edges). Some nodes are solid, while others are hollow with a dashed border. The network is dense and irregular, extending from the top-left towards the center.

# Considerations for a Blended Future

A decorative network diagram in the bottom-right corner, similar to the one in the top-left. It features a cluster of grey nodes connected by lines, with some nodes being solid and others hollow with dashed borders. The network is dense and irregular, extending from the bottom-right towards the center.

*How might institutions **get started**  
in building their blended  
institutional approach?*

*How do we create a culture that focuses more on **diversity, equity, and inclusion?***

*How are institutions **building capacity to sustain** their future?*

# Questions?
