EVERY LEARNER EVERYWHERE STANDS AGAINST RACIAL INJUSTICE

The Every Learner Everywhere network shares the grief and outrage of communities nationwide generated by the recent killings of Breonna Taylor, George Floyd, and Ahmaud Arbery. These deaths are only the most recent tragic incidents in a long history of violence experienced by people of color as a result of the systemic racism that has plagued our nation for centuries. As a network, we affirm that Black lives matter, and stand with all individuals and organizations working to dismantle racism in all its forms wherever it is found. For our part, we will continue to promote anti-racist teaching and learning strategies and evidence-based solutions that elevate students of color to their rightful place alongside their white peers and support efforts to spread true racial justice and equity to higher education. We will continue to amplify the voices of students of color and allow their experiences to guide our work. We will continue to challenge the status quo and lean into uncomfortable conversations about racial inequity in higher education. We will not be silent about injustice. Every Learner Everywhere stands united with all individuals and organizations working to advance the cause of racial justice in America.
